BMRL SPECIAL PROGRAMME FOR SCHOOLS AND COLLEGES

30th October 2014

Bangalore Metro Rail Corporation Limited has opened its depot and other technical facilities for school and college students to see the actual working of the metro rail system. The 'Namma Metro' Rail system is the most modern rail system in the country and we would like to share the entire metro operation system and its feature with the students through a guided tour. We are sure that this educational tour to the metro facilities would be of great interest to school students.

We are commencing the conducted tour for the school/college students from November 2014 which will include a train ride from MG Road station to Biayappanahalli station or vice-versa, a tour to our Depot at the Biaypanahalli, which is the nerve center for the train operation. A brief presentation on the making of the Namma Metro will also be shown at the auditorium. The entire tour to our facility including the train journey will take about 2 hours.

This facility for school/college students will be open to from Monday to Saturday. The first batch commences from 10:00 AM to 12:00 PM, the second batch from 11 AM to 1 PM the third batch from 1 PM to 3 PM and the 4th batch from 2 PM to 4 PM. A minimum of 100 students and a maximum of 200 students per batch would be preferable. The students should be above 9 years of age and accompanied by their teachers. The fare chart for the entire trip is given below, the teachers accompanying students will be permitted free of any charges.

Middle School	Rs. 50 per student
High School	Rs. 75 per student
College	Rs. 100 per student

The above charges include travel fare (to and fro) and lunch at our spacious depot canteen. We have tied up with ISKCON to serve the student wholesome, fresh, clean and hygienic meal. Clear drinking water is also being provided. This lunch arrangement will help both the school management and the students to come to the tour without worrying how to manage the lunch and thus prevent from carrying lunch bags.
