ದಿನಾಂಕ:

Sir,

Please find herewith the enclosed letter of residents of Hoodi village of my constituency seeking extending Metro rail facility from the existing Borika tech Park to Hoody circle where the population is more than 2 lakhs. The metro Rail project has been sanctioned for the passengers travelling to Whitefield. The Metro Rail proceeds with Garudacharpalya, Boruka Field to Graphite India. It causes in convince to Hoody and surrounding area residents. There are innumerable residential apartments and residences confining to Hoody village and other neighboring village such as Basava Nagara, Rajapalya, Thigalarapalya, Shanthinagara, Kodihalli, Sadaramangala and Ayyapanagara and as such in the interest and convenience of public of the above said area I request your good self to take necessary steps to setup Metro station at Hoody village and oblige.

Thanking you

Yours faithfully,

(ARVIND LIMBAVALI)

Sri Aravind Limbavali
Ex Minister and sitting MLA
Mahadevapura constituency
Bangalore.

Sir,

Sub: Extending Metro Rail facility from the existing Boruka
Techpark to Hoody circle.

We the undersigned villagers of Hoody would like to bring to your kind notice that it has been gathered that the Metro Rail Project has been sanctioned for the passengers travelling from Baiyappanahalli to Whitefield. In between the said junction the Metro Rail proceeds with B Narayanapura, Mahadevapura, Singayanapalya, Garudacharpalya, Boruka Techpark, Graphite India via EPIP Zone and proceeding further to Pattandur Agrahara, ITPL and Whitefield.

For the reasons best known the said train is not made to pass through Hoody village which is situated around 1 Km from Boruka Techpark and 4 Kms from Whitefield. The population of Hoody village is about 1,50,000 compared to other villages in the neighbourhood with lesser population. There are innumerable residential apartments and residences confining to Hoody village and other neighbouring village such as Basava Nagar, Rajapalya, Thigalarapalya, Shanthinagar, Kodigehalli, Sadarmanagala, and Ayyappanagar and as such in the interest and convenience of public commuters the present memorandum is made to extend and make provision for setting up a Metro station at Hoody village where Government land is available abundantly for setting up the Metro station and other infrastructures. Setting up Metro station at Hoody village would be convenient to commuters and as there will be no deviation to the existing Metro project which is covering upto Whitefield and further before implementation of the Metro project necessary test have been conducted and found feasible since the track would be straight without any diversion.

1

We hope you would appreciate our concern and take all possible steps to ensure that a Metro rail station is established in Hoodi village in the interest of public commuters at large.

Thanking you,

Yours faithfully,
