To, MR. SHARMA, N. P.
The Chief Engineer,
BMRCL,
Bangalore

Dear Sir,

Subject:

Request for Shifting of Metro Station proposed in front of 'Sattva Magnificia Project'

The second phase of BMRCL is proposed along Bangalore-Kolar Road (Old Madras Road). We have developed property alongside Bangalore bound carriage way earlier to cable stayed bridge and adjacent to the present sky walk of BBMP. (Index Map enclosed). The commercial part of structure is completed after obtaining sanction from BBMP and construction is as per sanction. Behind the commercial development we are developing apartments (layout plan).

It is learnt that Metro station is proposed in front of our property which will considerably reduce the proposed activities of commercial and apartments.

In this connection we request you to shift the proposed station towards Kolar or on the Kolar bound side carriageway, where there are vacant lands.

We request you to give us an opportunity to explain on person.

Thanking you,

Yours faithfully,

S.N. Revankar
DGM (Designs)
