3.	PART - III QUALIFICATION REQUIREMENT	12-57

PACKAGE – I
PART - 1
GENERAL INFORMATION AND QUALIFICATION REQUIREMENT

- 1.1 Construction of Elevated Structures of length 6.524km (approx. Ch.18404 to Ch.24929) from Puttenahalli Cross station dead end to Anjanapura Township Station and further viaduct including 5 Nos. of Elevated Metro Stations viz. Anjanapura Road Cross Station, Krishna Leela Park Station, Vajarahalli station, Thalaghattapura station and Anjanapura Township station in the extension of south side of N-S Corridor of Bangalore Metro Rail Project, Phase-2.

The station structures in this section including transition spans at both ends (between Viaduct and Station) will be constructed under this scope of contract along with road widening wherever required and service road at stations. The scope of work also includes construction of elevated viaduct with precast segmental box prestressed concrete (PSC) superstructure and 1.2m dia bored pile foundations and construction of elevated stations (5nos) with a combination of precast & cast-in-situ structural elements. The station building will be founded on 600 mm dia bored pile foundations or open foundations. The scope of work includes casting and placing of cable trough.

- 1.2 Tenders will be accepted from international applicants, only who have Indian partners who have experience in appropriate disciplines for the contract. For this purpose, the international applicant must associate local contractors experienced in requisite disciplines.

- 1.3 This document describes the pre-qualification application procedure and requirements.

- 1.4 Construction will be undertaken by the Contractor based on the Employer's Requirement and Detailed Drawings.

The contractor shall also take care of all the temporary or uncharted Utilities and Traffic relocations and diversions during construction of elevated structures for the Project. The contract will include construction of sub-structures including pile / open /raft foundations in soils or pile/ open /raft foundations in rock including socketing in rock, pier and deck supporting two tracks. The Superstructure work consists of pre-stressed segmental construction and launching by truss in general. Special spans at rail/ road / nallah / river crossings are to be constructed in-situ with suitable arrangements. The normal spans for segmental construction are varying from 19m to 34m. The contractor for this work is also required to have interface with other contractors carrying out works in stations such as architectural works, E&M works, track work, traction power and signalling works. The contractor shall handover the structure so constructed to succeeding/designated contractor for carrying out further works. The deficiencies, if any, pointed out/found at any time in the contractors work by the subsequent contractor or BMRCL shall be rectified by the contractor at his own cost. They are also required to co-ordinate and get approval from the respective civic authorities for various temporary and permanent works.

To qualify for this work, the contractor should have the following capability of construction of:

- Cast-in-situ RCC bored piles of 0.6m and 1.2m diameter or above in soil/ rock
- Casting of RCC piers of about 6-10 m height in single pour of concrete.
- Pre-cast, Pre-stressed (Post-tensioning) concrete Bridges in segmental construction of top width 5m and above with transportation and launching arrangements, such that the Road/Rail traffic is not affected.
- Construction of Metro Stations or Railway Stations / Airport Terminal Building / Big Commercial Shopping Malls/ Big IT Park / Big Office complex of comparable magnitude and having similar activities of work.

- 1.5. The contractor shall co-ordinate with concerned authorities for all temporary and permanent relocations and diversion works for utilities affected by the construction of elevated structures. BMRCL (or appointed Engineer) will oversee the co-ordination between the designated contractors. However, the Contractor will allow for liaison with the work of such other contractors. Traffic Management shall be a major responsibility at all locations including roads in the adjoining neighbourhood. This shall include execution of all necessary temporary and permanent works to existing roads and utilities and obtaining of approvals from the concerned authorities. The Contractor shall be responsible for safety of the adjacent existing buildings, including underpinning and ground support, if required, as part of the Contract and may have to undertake insurance or in the alternative, if such insurance is taken by BMRCL, the contractor will have to adhere to the conditions of the Insurance Company against damages to the existing buildings.
- 1.6 The contractors shall have their site offices with their representatives having proper authority and delegation of powers at Bangalore.
- 1.7 Contractors may apply as a sole contractor or in joint venture, partnership or consortium herein after referred as "group". The number of Joint Venture Partners / Consortium Partners in a Group shall be restricted to maximum of **THREE**. However, they will not be permitted to tender as an individual firm and at the same time as part of any other group. No individual firm will be a member of more than one group. All the members of the Consortium / Joint Venture will be jointly and severally liable for the performance of whole Contract.
- 1.8 Applicants for Qualification should note that this qualification document is intended to provide information concerning the construction of Viaduct & stations and its component contracts. The information contained herein shall not in any way be construed as binding on BMRCL, its Consultant, its agents, successors or assigns.
- 1.9 Applicants are advised that selection of contractors will be entirely at the discretion of BMRCL. Applicants will be deemed to have understood and agreed that no explanation or justification on any aspect of the Qualification process will be given and that BMRCL qualification decisions are without any right of appeal whatsoever.
- 1.10 All costs incurred by an applicant for obtaining qualification shall be borne by the applicant, and BMRCL its agents, successors and assigns will not bear any such cost.
- 1.11 Applicants are advised that neither BMRCL nor its successors, assignees or Consultants will respond to enquiries or enter into communications concerning or relating to the selection process.
- 1.12 Each Applicant (each member in the case of a group) or any Associate, or Agent will be required to confirm and declare that no agent, middleman or any intermediary has been, or will be, engaged to provide any services, or any other items or work related to the award and performance of this Contract. They will have to further confirm and declare in the submittal that no agency commission or any payment which may be construed as an agency commission has been, or will be, paid and that the tender price will not include any such amount. Applicants failing to give the undertaking are liable to be rejected.

2 PRE-QUALIFICATION

- 2.1 Applicants for pre-qualification are required to submit the duly filled in Questionnaire and associated information as requested in Technical Evaluation/Qualification Requirement Document.

- 2.2 Applicants shall submit the requisite information in the sectional arrangements with separators as indicated in the Table "Contents of Sections" in the questionnaire in Technical Evaluation/Qualification Requirement Document.
- 2.3 Applicants should attach clearly marked and referenced continuation sheets in the event that the space provided in the Questionnaire is insufficient. Alternatively, applicants may format the questionnaire making due provision for incorporation of the requested information.
- 2.4 Questionnaire requirement to be submitted along with the Tender document.
The tender is liable to be rejected, if the credentials and information asked are not submitted in entirety along with the Tender document. BMRCL reserves the right to accept or reject any or all the applications without assigning any reason.
- 2.5 Information supplied by an applicant (or constituent member, if the applicant is a group) must apply to the applicant or constituent member named in the application and not, unless specifically requested, to other associated companies or firms.
- 2.6 A Group comprising a joint venture, partnership or consortium may apply for qualification. Applicant's attention is drawn to Para 1.7 above. In the case of application from groups, a statement of participation for each group member shall be submitted to the effect that they are bona fide members of the group applying for qualification; and that, in the event of qualification; they agree to be jointly and severally liable to BMRCL under the contract which may be subsequently awarded to the group.
- 2.7 Details of the proposed joint venture, partnership or consortium agreement in the form of a Memorandum of Understanding (MoU) signed by all participants will be required. MoU should indicate the percentage participation and the works that will be executed by each member e.g. Piles, segmental girder casting and launching, stations, etc. International contractors who are considering forming joint ventures, partnerships or consortia must have at least one Indian Partner in the appropriate discipline of the work. Foreign Member(s) are required to obtain permission from RBI / FEMA, if required, as per rules.
- 2.8. BMRCL will review and evaluate the information submitted by applicants as per Technical Evaluation/Qualification Requirement Document as detailed in the Tender.

3. QUALIFICATION REQUIREMENT AND ELIGIBILITY CRITERIA

3.1 General Requirements

The applicants should demonstrate their capabilities, by providing data based on their experience, past performance, their personnel, equipment and financial resources, including:

- Capability to execute the project to the requisite standard and to monitor and control construction development.
- Capability to programme and re-programme the work, monitor progress against programme and to utilise computer programming and monitoring techniques.
- Capability to undertake pro-actively and to manage contract interfaces and co-ordination.
- Capability to execute the work in time by having adequate financial resources as well as men, material and equipment.
- Operate a construction quality control programme, Environment and Safety management systems.

Client certificates are mandatory for the work done. In case the work is done as sub-contractor, client's signed copy of agreement with main contractor, approval of client for being engaged as sub-contractor and completion certificate from main contractor are to be submitted. Certified copies are to be attested by the Notary Public.

In case the application is from Joint Venture or consortium, each member of the group should substantially satisfy the capability to work assigned to them as per MoU so as to the JV/Consortium as a whole satisfy the qualification requirements.

The Lead member of JV/ Consortium should have more than 50% participation in the JV and other members should have minimum participation of 10% individually totalling upto 100%.

3.2 Eligibility Criteria

1. The applicant must meet the following eligibility criteria for being considered as technically qualified and become eligible for Technical evaluation.

- i) In case the applicant is a group, the JV/Consortium leader should satisfy the requirement stipulated in eligibility criteria 1.1 below.
- ii) Other members other than lead member of JV/Consortium should satisfy minimum 25% of eligibility criteria 1.1 or 1.2 or 1.3 below. The members other than lead member shall be the one who has the requisite experience either individually or whose participation was a minimum 10% in the previous group and he must also have a minimum participation of 10% in the present group.

However, all the members put together including lead member should satisfy eligibility criteria 1.1, 1.2 and 1.3 below.

1.1 The tenderer in his/its name should have relevant and proven experience of having successfully completed* similar work (including finishing works) for the **Viaduct work** having similar activities of work” for a total length as detailed below in the last seven years ending 31.12.2014 as under.

- i. In one contract, Viaduct/Bridge/Flyover by Pre-stressed concrete segmental construction of length of at least **5.22 km**.
(Or)
- ii. In two contracts, Viaduct/Bridge/Flyover by Pre-stressed concrete segmental construction of length of at least **3.26 km** in each contract.
(Or)
- iii. In three contracts, Viaduct/Bridge/Flyover by Pre-stressed concrete segmental construction of length of at least **2.61 km** in each contract.

1.2 The tenderer in his/its name should have relevant and proven experience of having successfully completed * similar building work (including finishing works and services for these buildings) of **“Metro Stations or Suburban Stations or Railway Stations / Airport Terminal Building / Big Commercial Shopping Malls / Big IT Park / Big Office complex** of comparable magnitude and having similar activities of work (structures having similar activities of work like metro stations, where large assembly of public takes place will be treated as similar work)” during the last seven years ending 31.12.2014, as under.

- (i) At least one contract of similar completed works as referred above costing not less than Indian Rupees **157 Crores** (at 31.12.2014 price level).
(Or)
- (ii) At least two contracts of similar completed works as referred above costing not less than Rupees **98 Crores** in each of the contracts (at 31.12.2014 price level).
(Or)
- (iii) At least three contracts of similar completed works as referred above costing not less than Indian Rupees **78 Crores** in each of the contracts (at 31.12.2014 price level).

1.3 Piling work (1m dia or more) of total length not less than **6300 m** in a period of 12 consecutive months during the last seven years ending 31.12.2014.

Note:

- I. It is not necessary that similar work as specified in Para 1.1, 1.2 and 1.3 above, are executed under the same contract.
- II. For Paras 1.1, 1.2 & 1.3, Clear and unambiguous Certificates (in English) from the Clients should be submitted duly indicating the Contract reference, Percent participation of each member in case the work was carried out as group, scope of work, completion cost, date of start, date of completion as per contract, Actual/extended date of completion, reason for the delay etc.,
- III. Applications containing deficient information, certificates are liable to be **rejected**.
- IV. Certified copies of Client's (duly signed) Certificates shall be notarised by the Notary Public.
- V. All the supporting submittals are to be self attested also by the Tenderer.

Note: *In Paras 1.1 and 1.2 above, Completed work means even 'ongoing works' where the required similar work has been physically completed in all respects but may not have been put into commercial operation. They are to be supported by the Client's Certificate(s) / Agreement / Work Order copy along with the Application submission

1.4 Bid Capacity Criteria.

Bid Capacity: The tenderers will be qualified only if their available bid capacity is more than the approximate cost of work as per NIT. Available bid capacity will be calculated based on the following formula.

Available bid capacity = $(1.5 \times A \times N - B)$.

Where,

A = Maximum of the value of construction works executed in any one year during the last five financial years (updated to 31.03.2014 price level assuming 5% inflation for Indian Rupees every year and 2% for Foreign currency portion per year).

N = number of years prescribed for completion of the works for which tenders are invited.

B = Value of existing commitments (as on 31.03.2014) for ongoing construction works during the period of 27 months with effective from 31.03.2014.

Note:

- In case of JV/consortium, the above formula will be applied to each member to the extent of his proposed participation in the execution of work.

2 The Tenderer should have an Average Annual Turnover of not less than **Indian Rupees 405 Crores** (Rupees Four Hundred and five Crores only) from the "**Civil Construction Contracts**" only. The minimum average annual turnover should be achieved in at least two financial years during the last 5 years ending 31.03.2014 (in case of JV/Consortium weighted average will be taken in proportion to their participation percent in the JV/Consortium. However, each member of JV/Consortium shall have minimum average annual turnover of **Rs. 101 Crores** (Rupees Hundred and One Crores only))

3 Net worth in the last two accounting years should be positive for each members of the Group. (Net worth in Indian Rupees = Paid up Equity + Reserves - Revaluation Reserves - Miscellaneous Expenditure not written off)

- 4 Profitability:- Earnings before interest and tax should be positive in at least 2 years out of the last five years for each member of the Group.
- 5 The Tenderer must submit in Section 4 of Qualification Questionnaire, including the Banking Reference and certificate from its Banker to demonstrate that it has access to, or has available liquid assets, lines of credit and other financial means sufficient to meet the required cash flow, after meeting its commitments for other contracts and other liabilities and as amounting to Indian Rupees **137 Crores** (INR Rupees Hundred and Thirty Seven Crores only). (In case of JV/Consortium, each member shall have access to, or has available liquid assets, lines of credit and other financial means sufficient to meet the required cash flow, after meeting its commitments for other contracts and other liabilities amounting to Indian Rupees **34 Crores** (Rupees Thirty Four Crores only).)
- 6 The Tenderers must have the key personnel (minimum number given in Annexure-3) to be deployed for the contract as indicated in the brackets in the enclosed Annexure-3 of the document. The key positions should not be less than as specified for the group as a whole (for all members put together in case of group) and should cover disciplines mentioned in Annexure 3. (Statement to be submitted as per Annexure 3 attached).
- 7 Applicants should have as a minimum the following plant and machinery either owned or to be made available on hire or lease (Attach the documentary proof). Group as a whole will be considered (Statement to be submitted as per Appendix-5 attached).

Sl. No.	Type	Minimum Nos Required	Owned	Hired or leased
1.	Hydraulic Piling rigs for 1200 mm dia piles	7 Nos for both Viaduct and Stations.		
2.	Piling rigs (Tripods)with conventional winch	28 Nos for both Viaduct and Stations.		
3.	Excavators	6 Nos.		
4.	Fully automatic and computerized Batching and Mixing plant of capacity 30 cum/Hour or higher.	3 Nos (30 cum / hr)		
5.	Concrete pumps / placer booms / tremie pipes	9 Nos		
6.	Transit mixers	18 Nos		
7.	Trailers for carrying precast girder segments	10 Nos		
8.	Mobile Cranes 60MT and above to reach Platform level	4 Nos		
9.	Cranes of min. 10 MT capacity.	4 Nos		
10.	Gantries for casting yard (capacity min 15 MT + 80 MT each)	3 nos of 15MT + 3 nos. of 80MT each.		
11.	Launching Girders / Launching arrangements for Precast Segment erection	4 sets (minimum).		

Sl. No.	Type	Minimum Nos Required	Owned	Hired or leased
12.	DG sets 500 KVA / 250 KVA	6 Nos.		
13.	Pile cap shutters	12 sets for viaduct, 12 sets for stations.		
14.	Pier, Pier cap shutters including starters for viaduct	12 sets. (8 sets for normal piers + 4 sets for portal piers) (Minimum).		
15.	Portal beam shutters with staging for viaduct	4 sets		
16.	Cast-in-situ beam shutters with staging materials (upto 50m span) for viaduct.	2 sets		
17.	Segment casting beds along with moulds including end segments for viaduct	8 sets.		
18.	Dog legged staircase	16 sets for viaduct, 5 sets for stations.		
19.	Parapet casting moulds/shuttering for viaduct	36 sets		
20.	Pier shutters including starters for stations (GL to Track level).	12sets.		
21.	Cross beam shutters and staging materials for concourse level and track level for stations.	15 sets		
22.	Girder casting beds along with shuttering for I-Girders and edge beams for stations	22 sets. (15 sets for I-Girders, 7 sets for edge beams)		

Note:

1. *The equipment and machinery indicated in PQ above is minimum to be deployed. However depending on the requirement to complete the work in the completion period contractor should deploy additional machinery as circumstances warrant.*
2. *For eligibility criteria of plant and machinery at Para.No.7 stated above, the group as a whole will be considered.*

- 3.3** (a) Applicants will not be required to submit on their own, additional information or material subsequent to the date of submission and such material if submitted will be disregarded. It is, therefore, essential in achieving selection to ensure that all questions are answered fully on the Proforma or otherwise. The pages of the questionnaire submitted shall be numbered sequentially and the page number of each answer should be noted against the respective proforma question. **General responses such as “included in brochure” without specific item reference and information without summaries are unlikely to be considered.** To this end it is essential that all pages of the submission should be uniquely numbered and used to cross reference the supporting documents to the answers given.

- (b) The Employer may ask for additional information to be submitted or clarification to be given at any stage of evaluation of tender (Eligibility, Technical and Financial).

3.4 To identify the details submitted in various sections, separators must be used in between the two sections. Submitted documents will not be returned.

During the process of Tender evaluation the Employer may, at his discretion, ask any Tenderer for clarification of their submission. The request for clarifications and the responses shall be in writing or by facsimile. Non submission to clarifications sought for by the Employer will make the the Tenderer ineligible for further evaluation and will be disqualified.

All documents submitted by Tenderers shall be in the English Language. Any of the original document/certificate being in other than English language, the same must be translated in English language along with signature, name and Authority of the translator and to be self attested by the Tenderer.

3.5 Applicant must observe the highest standard of ethics while submitting the tender application.

- (a) BMRCL will disqualify an applicant if he has made misleading or false representation in the forms, statements and attachments submitted; or indulge in fraudulent and corruption practice.
- "corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution and
 - "fraudulent practice" means a misrepresentation of facts in order to influence an evaluation process or the execution of a contract, and includes collusive practices among bidders (prior to or after bid submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the client's benefits free and open competitions.
- (b) Further, BMRCL will declare a firm ineligible, either indefinitely or for a stated period of time, for any BMRCL contract, if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, a borrowed financed contract in general; or defines, for the purposes of this provision, the terms set forth below as follows:
- Records of poor performance during the last 5 years, as on the date of application such as abandoning the work, rescinding of contract for which the reasons are attributable to the non-performance of the contractor,
 - Inordinate delays in completion, consistent history of litigation of the Applicant or any of its constituents or financial failure due to bankruptcy, etc. If the Contractor has worked in a joint venture, the rescinding of contract of a joint venture on account of reasons other than non-performance, such as Most Experienced partner (Lead Partner) of joint venture pulling out, court directions leading to breaking up of joint venture before the start of work, which are not attributable to the poor performance of the contractor, will, however, not affect the pre-qualification of the individual partner; or
 - Has been debarred / business banned / black listed by any Government agencies as on the date of application.

3.6 **Litigation History** : (Please see Annexure 1, 1A and 1D also).

The Tenderer/Tenderers should provide accurate information on any litigation or arbitration resulting from contracts completed or under its execution over the last ten years ending on 31.12.2014.

If any of (i) the litigation started by the Tenderer without recourse to measures of Dispute Resolution and Arbitration as provided in the Contract or
(ii) the litigation in respect of challenge of award of Arbitration by the Tenderer, will be treated as Litigation case indulged by the Tenderer for this Para of Litigation History .

PART-II ADDITIONAL QUALIFICATION REQUIREMENT

1. QUALIFICATION FACTORS

The Applicants are required to demonstrate their capabilities by furnishing material based on their experience, past performance, their technical and organizational capability, equipment and financial resources as detailed in this Package-1 of Technical Package.

The Tenderers who pass in the "Initial Filter" (Refer Annexure A of Applicants Checklist), will be assessed additionally with reference to the following.

- Methodology of Executing the Subject Work including Launching Girder system or other systems without affecting Rail/Road traffic below.
- Planning of infrastructure requirements in the casting Yard (like Number of casting beds for straight and curved spans, Number of Gantries, curing method, number of reinforcement cage beds etc) and at site of work (like number of shutters for pile caps & Piers , Pier caps etc). Adequacy of infrastructure proposed to be provided at casting yard and at pier locations with reference to implementation of programme and completion period to determine that the tenderers are adopting sound, workable, acceptable and safe practises and their planning and programming of various infrastructure requirements are in tune with the quantum of work to be performed in the completion period as specified in this contract. This will assist in assessing the responsiveness and technical acceptability of their tender.

(Tenderers must furnish the complete details as required in the above Para. For this purpose, use separate sheets/statement and submit along with this Package-1 of Technical Package)

Note: *The offer of the Tenderer, who does not furnish the required details as per the package-1 of Technical Package and as above is liable for rejection.*

**QUALIFICATION REQUIREMENT
APPLICANTS – CHECKLIST****Annexure-A**

Applies for each member in case of a group / JV / Consortium (except Sl.No 8)

Name of Applicant: _____

No.	Criteria	Yes	No
1.	Has the applicant abandoned any work in the last five years ending 31.12.2014?		
2.	Has the Applicant been debarred, business banned by any organisation in the last 10 years) year ending 31.12.2014?		
3.	Has the Applicant paid liquidated damages more than 5% of the contract value in a contract due to delay or penalised due to any other reason in the last five years ending 31.12.2014?		
4.	Has the Applicant suffered bankruptcy / insolvency in the last five years ending 31.03.2014?		
5.	Has any misleading information been given in the application?		
6.	Has the Applicant any litigation history in a court of law (annual average of more than one litigation case in the last 10 years) year ending 31.12.2014?		
7.	Has the applicant certified that no agent / middleman has been or will be engaged or any agency commission been or will be paid?		
8.	Has the Applicant submitted duly signed verification statement?		
9.	Does the Applicant as a Group satisfy the Eligibility Criteria stipulated in Para 3.1 and 3.2 of qualification requirement and Eligibility Criteria?		
10.	Has the applicant submitted an undertaking for “ jointly and severally responsible & liable to BMRCL under the contract ” (<i>in case of Consortium Partners</i>)		
11.	Has the applicant availed CDR from any bank in India or Abroad?		
12.	Has the Applicant been penalized for poor quality of work in last five years ending 31.12.2014?		

Note:Answer “**YES**” to any one of the questions from 1 to 5 and answer “**NO**” to any one of the questions from 7 to 9 will be considered as “**FAIL**” and will disqualify the Tenderer from further evaluation.

CONTENTS OF EACH SECTION

SECTION NUMBER	CONTENTS OF EACH SECTION	REMARKS
	<u>Pro-Forma – General</u> Letter of Application	Pro-forma letters are on pages 16-18 of this document.
1.	<u>Pro-forma – Section 1</u> Memorandum and Articles of Association, or Partnership Deeds	A copy (in English) of the Memorandum and Articles of Association (or equivalent) for an incorporated Tenderer (or, in the case of a group, for each corporation forming a part of the Tenderer)/partnership Deeds.
	Documents relating to a joint venture, partnership or consortium. (a) Statement of participation from Constituent members. (b) Details of previous collaborations. (c) Specimen Joint Venture, partnership, or consortium agreement and/or other documents establishing or intending to establish the formation of such group. (d) Details of proposed equity/other participations and areas of specialisation.	Tenderer's attention is drawn to paragraph 2.7 of Pre-Qualification. A Proforma statement of participation to be completed by each member as per the Proforma in this document.
	Particulars of the authority which empowers the person or persons signing the letter of application, (and if appropriate, the statement of Participation from constituent members of groups) to represent the Tenderer.	BMRCL wishes to ensure that applications are submitted under the signature(s) of persons who properly represent the Tenderer. Accordingly, copies of such documents as powers of attorney, signed minutes of board meetings confirming board resolutions, current published lists of Directors / Executive Directors etc., shall be submitted. In case of Groups, the Power of Attorney to one of the Employees of the individual Partner of the Group, who shall be signing the letter of participation and interacting with the BMRCL, in addition to a Power of Attorney to the Lead Member of the Group who shall be submitting the applications.
2.	<u>Pro-forma - Section 2</u> Documents relating to performance, current contracts, relevant experience.	The Tenderer shall submit details in support of statements in the Questionnaire or Annexures thereto, which relate to performance, current contracts and relevant experience. The Tenderer shall also give a year-wise break up of construction works of the balance works for the current contracts.
3.	<u>Pro-forma - Section 3</u> Documents relating to organisation structure and Staff.	The Tenderer shall submit details in support of statements in the Questionnaire or Annexures there to which relate to its management organisation (existing or proposed, in the case of new groups), and of staff/principal or key members of staff as provided in the Questionnaire.
4.	<u>Pro-forma - Section 4</u> Documents relating to ownership and control of an Tenderer (or, in the case of a group, each constituent member)	Details shall be submitted giving full details of the ownership and control of the Tenderer (or, in the case of a group, each constituent member).

SECTION NUMBER	CONTENTS OF EACH SECTION	REMARKS
	Documents relating to the financial condition of an Tenderer (or, in the case of a group, each constituent member)	<p>The following documents should be submitted in respect of each constituent member, whether applying individually or as part of a group:</p> <ol style="list-style-type: none"> 1. Audited accounts for each of the last five full accounting periods together with Statutory Auditor's Report/CPA's Report in case of Foreign entities. Such accounts shall include the Profit and Loss statement and the Balance Sheet. (Tenderer to provide date and reference no)

The Managing Director,
Bangalore Metro Rail Corporation Ltd.
Third floor, BMTC Complex
KH Road, Shantinagar
Bangalore-560027
Karnataka, India.

Dear Sir,

Application for Technical Evaluation for the Proposed Construction of Elevated Structures of length 6.524km (approx. Ch.18404 to Ch.24929) from Puttenahalli Cross station dead end to Anjanapura Township Station and further viaduct including 5 Nos. of Elevated Metro Stations viz. Anjanapura Road Cross Station, Krishna Leela Park Station, Vajarahalli station, Thalaghattapura station and Anjanapura Township station in the extension of south side of N-S Corridor of Bangalore Metro Rail Project, Phase-2.

TENDER NO: BMRCL/PHASE2/R4EXTN/R4b Via & Stns/2014.

We, hereby make application for qualification as a Tenderer for the Construction of Elevated Structures and five numbers of Elevated Metro Stations. In support of the application, we submit herewith one Original and Copy of the required documents.

We wish to confirm that our company/firm (delete as appropriate) has formed/intends (delete as appropriate) to form a group with (Member to insert names of all other members of the group limited to a maximum of three nos. in a group) for purposes associated with Contract Numbers _____.

We understand that in the event of any information furnished by us being found later on to be incorrect or any material information having been suppressed, the following action can be taken in addition to the provisions of Qualification Requirement:

- i. Our name will be removed from the panel of qualified agencies.
- ii. Any tender submitted by us on the basis of qualification may not be considered.
- iii. If any tender from us is accepted and a contract awarded to us on the basis of our qualification, the tender acceptance may be withdrawn and the contract be cancelled, without any financial claim / Arbitration request from our side.

(Members who are not the lead member of the group should add the following paragraph).

The group is led by (Member to insert name of lead member) whom we hereby authorise to act on our behalf for the purposes of applying for qualification.

(Members being the lead member of the group should add the following paragraph)

In this group we act as leader and, for the purposes of applying for qualification, represent the group.

In the event of the tender submitted by our group being accepted by BMRCL we agree to be jointly (with other members of our group) and severally responsible and liable to Bangalore Metro Rail Corporation Ltd.(BMRCL), its successors and assigns for all obligations, duties and responsibilities arising from or imposed by the contract to be entered into between BMRCL and our group.

A Power of Attorney to sign and submit this letter is attached on page _____

Yours faithfully,

\$ to be supported by the Clients certificates otherwise the contractors claim may not be considered.

Value of work should be as per the multiplication factors indicated in Annexure-1B. Work done to be supported by the clients certificates otherwise the contractors claim may not be considered.

ANNEXURE 2**WORKS IN HAND**
[Reference Question 17 (g)]

Name of the Tenderer or member of the Group										
Tenderer (each member of the Group) should provide information on their current commitments or all contracts that have been awarded or for which a letter of intent of acceptance has been received or for contracts approaching completion but for which a completion certificate is yet to be issued. List only 10 largest works (including similar works)										
Name and brief particulars of contract (Clearly indicate the part of the work assigned to the Tenderer(s))	Work being / to be executed as a prime Contractor/member of a group or Sub-contractor	Name of client with telephone number and fax number	Contract Value in Rupees Equivalent as on 31.12.2014 (Give only the value of work assigned to the Tenderer (s)) (Assume inflation and multiplying Factors as given in Annexure1 and 1B)	Value of balance work yet to be done in Rupee equivalent as on 31.12.2014 (Assume inflation and multiplying factors as given in Annexure 1 and 1B)	Original Completion Date	Estimated Completion Date (Give reasons in case of delay)	Value of work to be done in 2014-15	Value of work to be done in 2015-16	Value of work to be done in 2016-17	Value of work to be done in 2017-18 and beyond

ANNEXURE 2A***Summary Information for Works in Hand provided in Annexure 2**

Name of the Tenderer (constituent Member in case of group)	Total number of works in hand	Number of contracts of each type		Number for which Tenderer went in for		No. of contracts in which date of completion given in the original has already burst	** Total value of balance works yet to be done in Rupee equivalent as on (Assume inflation and multiplying factor as given in Annexure 1 and 1B)	Work to be done in year:-				
		A Construction only	B Design & Construction	Arbitration	Litigation			2014-15	2015-16	2016-17	2017-18 and beyond	
1												
2												
3												
4												

This information should be for all the works in progress including those listed in Annexure 2.
(For 10 highest value contracts of similar works only)

* Tenderer (each member of the group) should provide information on their current commitments or all contracts that have been awarded or for which a letter of intent or acceptance has been received or for contracts approaching completion but for which a completion certificate is yet to be issued.

** This figure should also include the year-wise break-up of part value of works to be executed in the four years period **(2014-15 to 2017-18)** even if completion of such works spills over beyond 2017-18.

ANNEXURE 3 – Viaduct work**Summary information of qualifications and experience of Key staff
Reference Q 19 (a)]**

Name of Tenderer: -----
(Member in case of group)

Discipline	Name and Qualifications	Group to which belongs	Years with Company	Experience in similar works (years)	Total Experience (Years)
Project Manager (Civil Engineer) (1)					
Dy. Project Manager (Viaduct) (1)					
Senior Engineers (6)					
Construction Planning Engineer (1)					
Traffic & Utility Diversion Engineer (1) *					
Civil Engineers (16)					
Structural Engineer (for design of launching girder, shuttering and temporary works) (2) *	1 2				
Geotechnical Engineer (1) *					
Environmental Specialist (1) *					
Quality Assurance Specialist (1)					
Quantity Survey Expert (1)					
Safety Officer (2)					
Procurement Specialist (1) *					
Others (give details)					

Note: - 1. The figures indicated in the brackets against the Key Staff are minimum requirements for the Group as a whole.

* These Staff will look after activities of Viaduct and Station building works.

ANNEXURE 3 – Metro Station Work**Summary information of Qualifications and Experience of Key Staff
[Reference 19 (a)]**

Name of Applicant:

(Member in case of Group)

Discipline	Name and Qualifications	Group to which belongs	Years with Company	Experience in similar works (years)	Total Experience (Years)
Project Manager (Civil Engineer) (1)					
Dy. Project Manager (1)					
Senior Engineers (5)					
Construction Planning Engineer (1)					
Civil Engineers (10)					
Structural Engineers (2)					
Quality Assurance Specialist (1)					
Quantity Survey Expert (1)					
Safety Officer (2)					
Electrical Engineer (1)					
Mechanical Engineer (1)					
Others (give details)					

ANNEXURE-4**[Reference Question 17 (f)]**

Name of Applicant: - -----
(Member in Case of Group)

No.	Financial Information in Rupee equivalent with exchange rate at the end of concerned year	Actual for previous five financial years (April to March)					Projection for year 2014-15
		2009-10	2010-11	2011-12	2012-13	2013-14	
1	Total Assets						
2	Current Assets-Loans & Advances						
3	Paid up Equity						
4	Reserves						
5	Revaluation Reserves & special reserves if any						
6	Miscellaneous Expenditure not written off						
7	Total Liabilities						
8	Current Liabilities						
9	Current Liabilities + Provision						
10	Annual Gross Turnover						
11	Depreciation						
12	Profit before Interest and Tax						
13	PBDIT (Profit before Depreciation, Interest and Tax)						
14	Profit after Tax						
15	Total Debt (including current Liabilities) / Total Equity (including preference capital)						
16	Net worth= (Paid up equity + Reserves- Revaluation Reserves- Miscellaneous Expenditure not written off)						

Note:

1. The above information should be extracted from the certified Annual Financial Statement/Balance sheet/Profit & Loss Accounts which should also be enclosed for each member in case of JV/Consortium.
2. Financial data submitted by the applicant in the above format for the year 2014-15 and earlier than year 2009-10 will not be considered for evaluation.
3. The financial information must be certified by the Auditor of the Tenderer or by a Chartered Accountant and notarized.

ANNEXURE 5**Equipment by Location (Furnish the Combined details for Viaduct and Metro Station works)****Reference Question 25 (a)**

Name of Applicant (Member in case of group):								
Equipment type and Characteristics	Number available in India which will be made available for the proposed project							
(Equipments that can be made available for this work).	No	Manufacture	Capacity	Year of Manufacture	Owned or Leased	Current Location	Expected to be freed from current location	Number available elsewhere but will be made Available for the proposed work (Indicate the country in which the country in which available).
1. Piling Equipment Hydraulic Rig for 1200mm dia piles								
2. Piling Equipment Conventional Tripod and winch								
3. Excavators/back hoe								
4. Fully automatic and computerised Batching and Mixing Plant (30cum per hr)								
5. Concrete Pump, Boom Placers, Tremie pipes.								
6. Transit Mixers								
7. Launching Girders, Ground Support system of launching.								
8. Cranes – 60 MT and above								
9. Cranes - 10 to 20MT								
10. Tower cranes for Pier/pier Cap Concreting								
11. Trailers for carrying segments								
12. Compressors								
13. DG Sets 500 KVA								
14. DG Sets 250 KVA								
15. Steel shuttering (sq.m)								
16. Pile cap shutters								

Name of Applicant (Member in case of group):								
Equipment type and Characteristics	Number available in India which will be made available for the proposed project							Number available elsewhere but will be made Available for the proposed work (Indicate the country in which the country in which available).
(Equipments that can be made available for this work).	No	Manufacture	Capacity	Year of Manufacture	Owned or Leased	Current Location	Expected to be freed from current location	
17. Pier, Pier cap shutters including starters for viaduct								
18. Pier shutters including starters for stations (GL to Track level).								
19. Portal beam shutters with staging for viaduct								
20. Cast-in-situ beam shutters with staging materials (upto 50m span) for viaduct.								
21. Cross beam shutters and staging materials for concourse level and track level for stations.								
22. Segment casting beds along with moulds including end segments for viaduct								
23. Girder casting beds along with shuttering for I-Girders and edge beams for stations								
24. Dog legged staircase								
25. Parapet casting moulds/shuttering for viaduct								
26. Gantries for casting yard capacity 15MT and 80MT.								

- The above information is required to be given in a consolidated manner by Group as a whole.
- In case of Leased or Hired, desirable to enclose comfort letter / undertaking from the relevant party.

FORM OF QUALIFICATION APPLICATION- FOQA-1

**(TO BE SUBMITTED IN LETTER HEAD BY EACH CONSORTIUM MEMBER
SEPARATELY IN CASE OF JV / PARTNERSHIP / CONSORTIUM / GROUP)**

To:
Bangalore Metro Rail Coporation Ltd,
Bangalore

Dear Sir,

FORM OF DECLARATION FOR NON-ENGAGEMENT OF ANY AGENT, MIDDLEMAN OR INTERMEDIARY

We hereby jointly and severally declare that the submission of this Tender confirms that no agent, middleman or any intermediary has been, or will be engaged to provide any services, or any other item or work related to the award and performance of this Contract. We further confirm and declare that no agency commission or any payment which may be construed as an agency commission has been, or will be paid and that the tender price does not include any such amount. We acknowledge the right of the Employer, if he finds to the contrary, to declare our Tender to be non-compliant and if the Contract has been awarded to declare the Contract null and void.

SIGNATURE OF THE TENDERER / MEMBER OF TENDERER -GROUP
(To be submitted and signed by each member of the Tenderer - in case of Group.)

Name:-

Designation:

Authority to sign.
